

February 27k 1957

Dear Mr. Tomasz:

I have just heard from Dr. Gyorffy that he expects to attend the Ciba Symposium, March 25-28, if you have not already heard this yourself.

I will of course be happy to give him your own good news. However, Dr. B. D. Davis, Professor of Pharmacology at N.Y. University will also be attending, and is closer to you as a possible intermediary. He is also attending the meeting. I embark myself March 6.

Yours sincerely,

Joshua Lederberg
Professor of Genetics.
